The Drupal 8 roadmap

Roy Scholten. Drupal core
product manager

CONTEXT

Drupal 1 – 6

“Organic
evolution”

Drupal 7:

UX focus (+fields &
whole lot more)

Drupal 8.0:
Strategic
Initiatives

Configuration management
Multilingual
Modernized PHP

...

ROADMAP

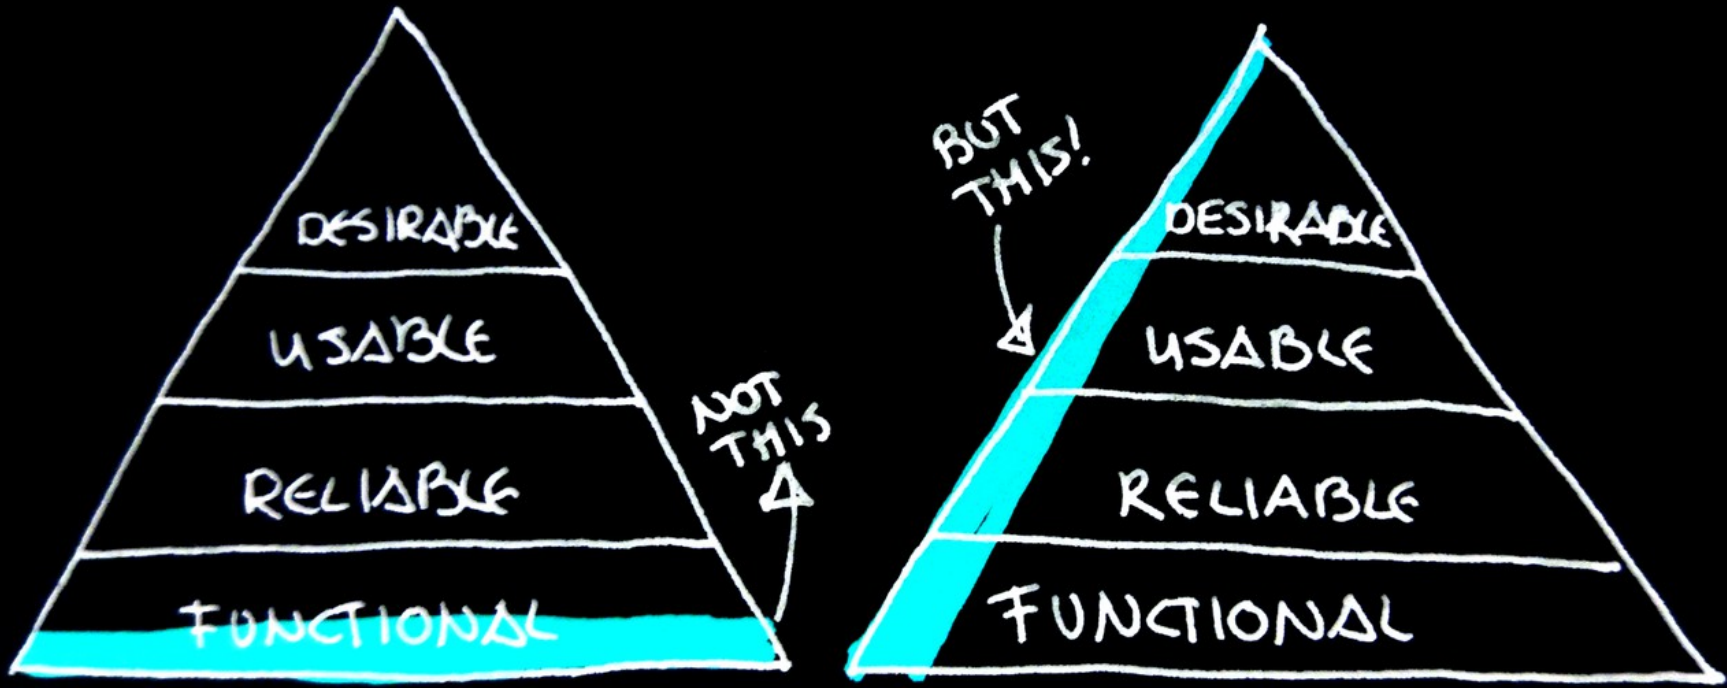

Drupal 8.X:

**changed release
cycle: new stuff
every 6 months**

Goals:

**Move faster. Do
more. Focus.
Be deliberate**

MINIMUM VIABLE PRODUCT

VIA @JOPAS

Inputs:

Survey,
usability testing,
ideas queue

ROADMAP 8.5

**Migrate
Media
API-First
Layouts
Workflow
Outside-In
Out-of-the-Box**

HOW YOU CAN HELP

You can help:

Inform

Validate

Build

Inform:

**Share data to
help define
priorities**

Validate:

Is it working?

Does it help?

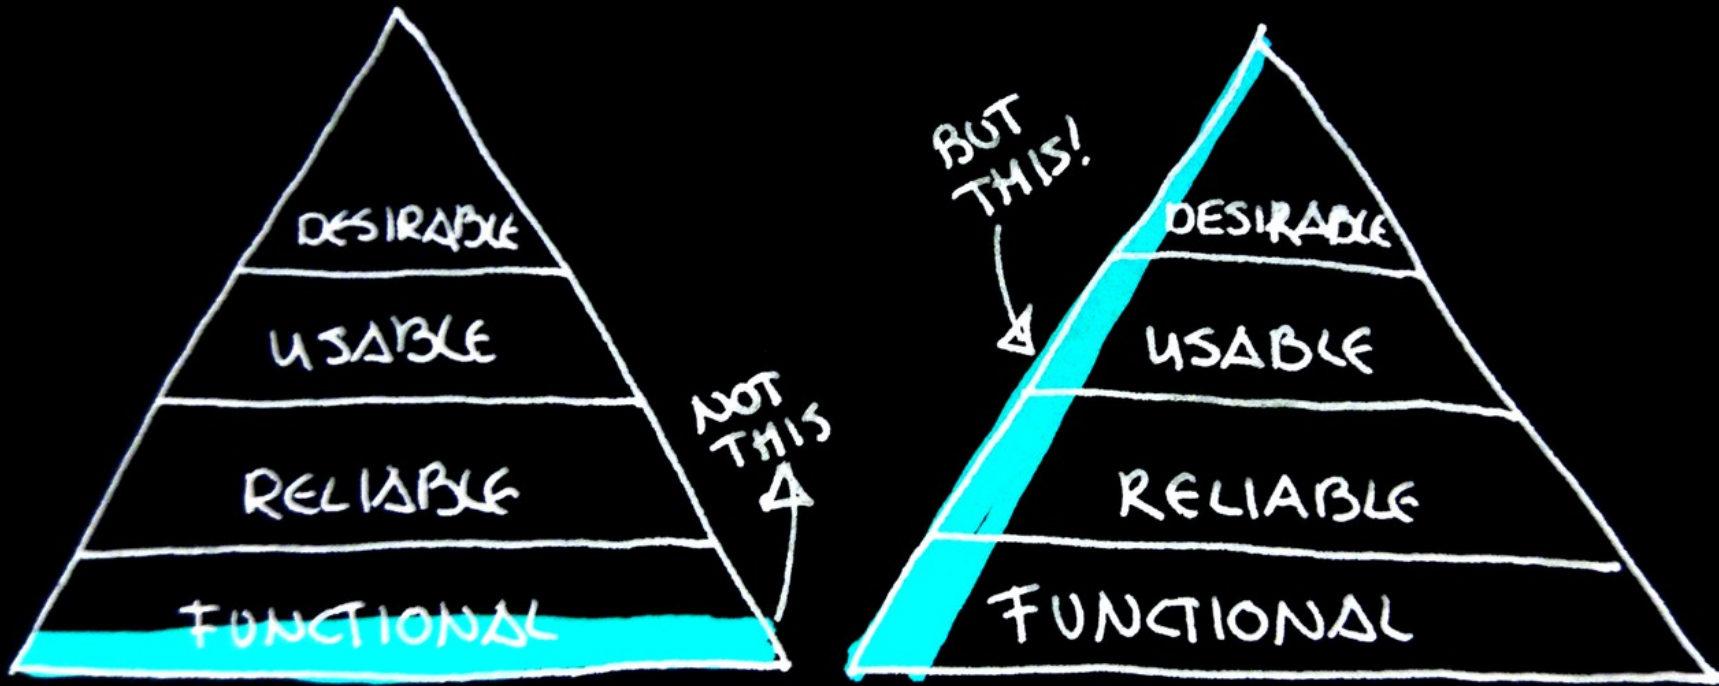

Usability testing

Build:

**Help make it
happen: sponsor
time, €, space...**

Remember:

Process does not
replace *people*

Challenge: have impact within 1 cycle: small meaningful change
